HELPFUL TIPS

- + Leave your range hood on for 15 minutes after the cooking of the food to remove all odors, steam etc.
- + The dishwasher-safe cassette filters need to be cleaned after approximately 2 months of standard operation
- + It is recommended the range hood be installed between 650mm and 750mm above the cook top
- + It is also recommended that fumes from the range hood be ducted out into the atmosphere.
- + Turn off the range hood before attempting to clean

BBQ INSTALLATION

Installation is recommended by a qualified installer.

- If installed above a barbeque, the minimum distance from the cooking surface is 1200mm.
- If installed above a cooking appliance, minimum distance from the cooking surface is 650mm.

FILTER CLEANING INFORMATION

Baffle filter: requires cleaning monthly. This will ensure no interruptions with airflow operation.
