FEATURES & BENEFITS

Complementary design

A refined black glass design brings a modern finish to your kitchen, making this oven perfect for matching with a Haier induction cooktop.

A function for every food

With 14 oven functions, including Rapid Proof for dough, Pastry Plus and Air Fry to help you create a satisfying crunch using less oil.

Clever accessories

Ideal for entertaining, the clever Rotisserie slowly rotates your roast, helping to retain moisture. Then use the Food Probe to accurately check the temperature so you know exactly when it's ready.

Smart control

With Wi-Fi capability, you can easily control your oven remotely using the SmartHQ™ app and receive helpful alerts.

Let your oven clean itself

The Pyrolytic Self-clean oven function uses a high heat to remove baked-on grime, leaving a light ash that is easy to wipe up with a damp cloth.

Everyday convenience

Everything from the soft-close door and telescopic guides to the illuminated touch controls and LCD display has been thought through for your convenience.
