

**GENERAL INFO**

**DESIGNED FOR MAINS WATER**

**Quick-Twist Filter System with Tripla BL1 Mixer Tap**

With its matt black finish and chrome highlights, the Tripla-BL1 is everything modern tapware should be: clean and classy. But its appeal is more than cosmetic. There's a lot of practicality working alongside those striking looks: plenty of clearance and height for filling bottles and jugs, and for washing up. Plus, a chrome lever on one side will give you filtered water, while the lever on the other side will dispense hot and cold tap water. The Tripla-BL1, like all Puretec Tripla taps, does not mix filtered and unfiltered water.

The Puretec Quick-Twist filter is easy to install, either in a horizontal or vertical position. The system comes with all the required plumbing connections, and is specifically designed to work with Tripla tapware. This combination includes the Ultra Z filter and the Tripla-BL1 mixer.

**SPECIFICATIONS**

Model:	<b>Z1-BL1</b>
