

Z1 Filter

TRIPLA-T1

GENERAL INFO

DESIGNED FOR MAINS WATER

Quick-Twist Undersink Filter With Tripla T1 3-Way Mixer Tap

The Z1-T1 'tap & filter' package incorporates the latest Z1 filtration technology and the Tripla triple-action tap all-in-one system.

The Puretec Z1 reduces chlorine, taste, odour, chemicals, sediment and cysts, leaving all vital minerals. This innovative filter is easy to install, mounts horizontally or vertically and valve-in-head technology means the water supply is automatically cut off when you change the cartridge. The Z1 can be as easily replaced as changing a light globe!

The Tripla 3-in-1 mixer tap gives you hot, cold, filtered/or rainwater water, all from just one mixer. The filtered and unfiltered water have completely separate lines inside these taps which means there is no cross contamination between filtered and unfiltered water.

Enjoy water the way it should be, abundant, clear and beautiful tasting from your own water supply, any time of the day.

SPECIFICATIONS

Model:	Z1-T1
Filtration System:	Ultra Z Filtration
Replacement Cartridge:	Z1-R
Mixer Tap Style:	3-Way Mixer Tap
Mixer Tap Model	TRIPLA-T1
WELS 4 Star Rated	7.5 Litres/Minute
Outlets:	Hot / Cold & Separately Filtered
Min/Max Temperature:	0° - 38°C (protect from freezing)
Min/Max Pressure:	172 - 500** kPa
Micron Rating:	0.1 Micron*
Capacity:	23,000 litres
Tap Hole:	33 mm diameter
WaterMark:	AS/NZS 3497 Licence No. WM 74617 Australian Certification Services
Warranty:	6 years^

FEATURES & BENEFITS

- Filtration down to 0.1 micron*.
- DIY quick-twist cartridge change.
- Quick and easy installation.
- Reduces chlorine, pesticides, bad taste, odours, organic chemicals, bacteria, dirt, rust and 99.9% Giardia & Cryptosporidium cysts.

ADDITIONAL INFORMATION

Tripla T1 3-Way Mixer Tap

Hot, cold, filtered and/or rainwater, but just one distinguished mixer. Use the main handle to control your hot and cold mains water, or turn the lower handle clockwise for filtered tank/mains. Mains and filtered have separate outlets, with independent tubes inside the tap, so there's no mixing of filtered and unfiltered water.

Hygienic Quick Cartridge Changes

The valve-in-head design shuts the water off automatically means no mess, the cartridge can be easily replaced - just like changing a light globe. Enjoy water the way it should be, abundant, clear and beautiful tasting from your own water supply, any time of the day.

ULTRA Z FILTRATION TECHNOLOGY

Stage 1

- Removes particles.
- Clarifies the water.
- Removes sediment, rust, sand, silt & algae.

Stage 2

- Chlorine and chloramine reduction.
- Eliminates bad taste and odours.
